AWARDS

A selection of awards.
Since its launch, the QLOCKTWO family has received more than
20 international awards including the Red Dot Design Award,
the iF Product Design Award and the ADC Europe's Gold Award.

TIMELESS TIME IN WORDS

What makes QLOCKTWO so special is the idea. The surface, rusted by hand, makes every QLOCKTWO CREATOR'S EDITION RUST a unique work of time display art.

Innovation combined with Baden-Württemberg craftsmanship and the timeless way of displaying time make the QLOCKTWO a work of art. As such, it is part of the Landesmuseum Württemberg's clock collection.

A QLOCKTWO LARGE CREATOR'S EDITION RUST now hangs in the museum's clock vault and fits right in with the magnificent Renaissance clocks that surround it.

QLOCKTWO® LARGE CREATOR'S EDITION RUST | Landesmuseum Württemberg, Stuttgart
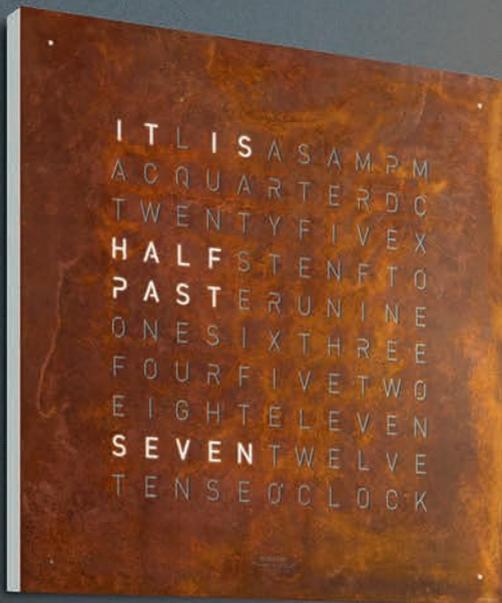

Each of the front covers of the QLOCKTWO CREATOR'S EDITION RUST is made of raw steel which is rusted by hand in a complex procedure. The surface is fixed.

TIME RETURNS HOME. QLOCKTWO® DISPLAYS TIME WITH WRITTEN WORDS. LIKE A GOOD FRIEND.

A matrix of 110 seemingly random characters forms the basis of every QLOCKTWO. Individual letters are highlighted to form words which describe time in five-minute intervals. Four dots lighting up in the corners represent the minutes in between. QLOCKTWO is available in six models, and there is a range of different colors and materials.

With its patinated copper finish, the QLOCKTWO CREATOR'S EDITION VINTAGE COPPER becomes a special eye-catcher by showing a lively and unique surface in blue-green shades which makes you think of an underwater world.

QLOCKTWO® CLASSIC CREATOR'S EDITION VINTAGE COPPER

Just as for the purely gold model, the individual leaves of white gold (12 carat) of the QLOCKTWO CREATOR'S EDITION SILVER & GOLD are carefully applied by hand and further refined in an elaborate patination process. The oxidised silver creates an uneven patina which is fixed once the desired coloring is achieved and provides this unique piece with its random surface structure that is truly one of a kind.

QLOCKTWO® CLASSIC CREATOR'S EDITION SILVER & GOLD
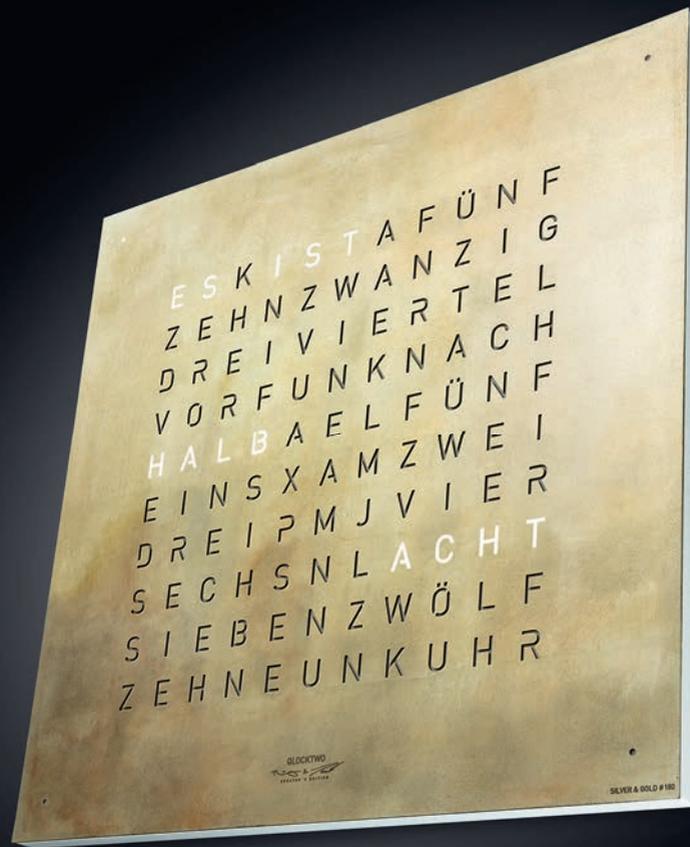

The front cover of the QLOCKTWO CREATOR'S EDITION METAMORPHITE fascinates with its surface made from slate which is millions of years old. The unique, typical structure of the sedimentary rock creates an interesting interplay of colors with different shades of grey.

QLOCKTWO® CLASSIC CREATOR'S EDITION METAMORPHITE

The QLOCKTWO CREATOR'S EDITION RAW IRON made of raw steel adds a bit of rock 'n' roll to your house. Every front cover is one of a kind. Its color varies from deep black to blue and anthracite. The varying colors of the material are the result of the thermal processing of the surface.

QLOCKTWO® CLASSIC CREATOR'S EDITION RAW IRON

The stainless steel surface of the QLOCKTWO CREATOR'S EDITION GOLD is covered with gold leaves (24 carat) by hand. Edge by edge every cut-out letter is finished carefully, giving the front cover the typical leaf gold structure and ensuring a truly royal appearance.

QLOCKTWO® CLASSIC CREATOR'S EDITION GOLD

QLOCKTWO® CLASSIC

The 45×45 cm QLOCKTWO CLASSIC is mounted on the wall like a picture, or it can be set up in free-standing position with the acrylic glass base. QLOCKTWO CLASSIC is available in more than 20 languages.

QLOCKTWO® CUSTOM COLOR

Forever colorful.
From the outset, QLOCKTWO has stood for special attention to detail, true exclusivity and individuality, characterised by perfection.
Now you can create new fascinating color compositions of unlimited uniqueness with the QLOCKTWO CUSTOM COLOR and the option of individually choosing colors from the RAL palette for the front cover and for the body.

QLOCKTWO® TOUCH

The table clock with alarm function also shows time in words.
In addition to its compact format, the simple operation of
QLOCKTWO TOUCH makes it a popular design item. Simply touch
the casing to control key functions such as the Night-Touch mode,
alarm deactivation and snooze mode. The front cover is held in place
by magnets and can easily be changed. Dimensions: 13.5 × 13.5 cm

QLOCKTWO® TOUCH CREATOR'S EDITION RUST
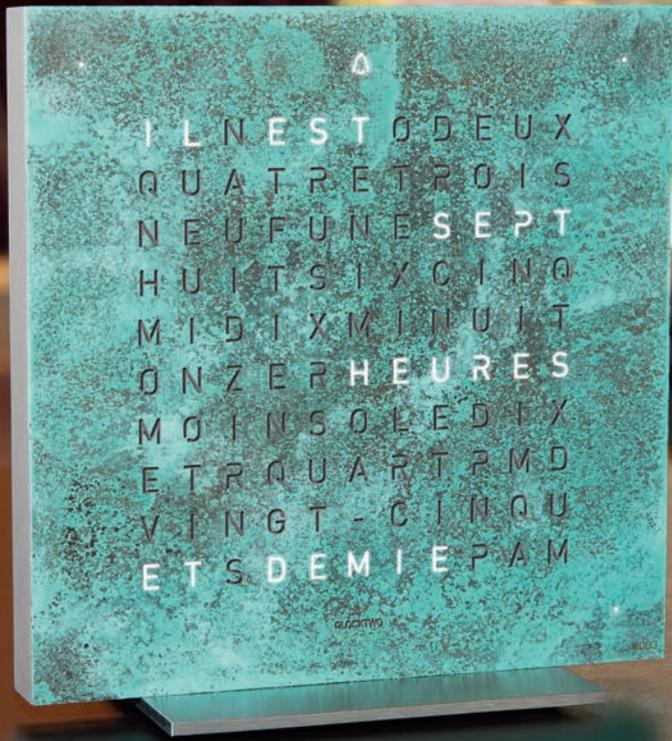

QLOCKTWO® TOUCH

The QLOCKTWO manufacture puts yet another unusual idea into practice for the QLOCKTWO TOUCH CREATOR'S EDITION. The QLOCKTWO TOUCH CREATOR'S EDITION VINTAGE COPPER and SILVER & GOLD are impressive complements to the inspiring edition thanks to their compact design. Because every touch is unique.

QLOCKTWO® 520 GAMUNDIA

The largest QLOCKTWO in the world
The front plate made of Corten steel measures gigantic 5.20 × 5.20 m and weighs more than two tons. Each of the 110 letters has been cut out of the 16 mm thick steel plate using high-precision laser technology.
As for all QLOCKTWO models, the matrix of letters consists of 110 illuminated areas. For the "520 GAMUNDIA" a weatherproof spotlight with immense luminance is used for every letter.

QLOCKTWO® 520 GAMUNDIA | Hochschule für Gestaltung, Schwäbisch Gmünd

TIMELESS CONTENT.
CURRENT ALL THE TIME
AND EVERYWHERE.

Experience the world of QLOCKTWO. Our brand is much more than a logo – it is a commitment to our origins in Schwäbisch Gmünd, to our craft, to our love for detail and the passion to turn time into a timeless work of art. For the whole world. On the World Wide Web and our social channels. Current all the time and everywhere.

WWW.QLOCKTWO.COM

IT IS ALWAYS NOW

For us, sustainability is a core principle, the conscious use of resources is part of our work, the basis of our planning and the basis of our actions. For all our staff and in all our products.

We assume responsibility for our region, nature, our environment, future generations and our actions at all times. In all teams, at all times and in all directions. For us, sustainability is not a passing phenomenon or even a trend. It is our attitude, perpetual and timeless. It's what we are.

So it's always now. For the environment, people and society. And for QLOCKTWO.

IT IS
ALWAYS
NOW
